### SUMMARY

I am Ashfaq Haider Khan, a Bachelor's in Software Engineering graduate with a strong foundation in both frontend and backend development. I specialize in React.js for creating responsive e-commerce platforms and interactive user interfaces, as well as PHP for secure backend systems, including projects like online voting platforms and PHP-based chatbots. I am proficient with development tools such as Visual Studio, Git, and Tailwind CSS, and I am passionate about applying my diverse skill set in dynamic and innovative environments.
